Introduction to the STI

Mission & Vision

Vision

World's Leading Statistics Training Institute

Mission

Producing global statistical experts and providing citizen-friendly statistics education

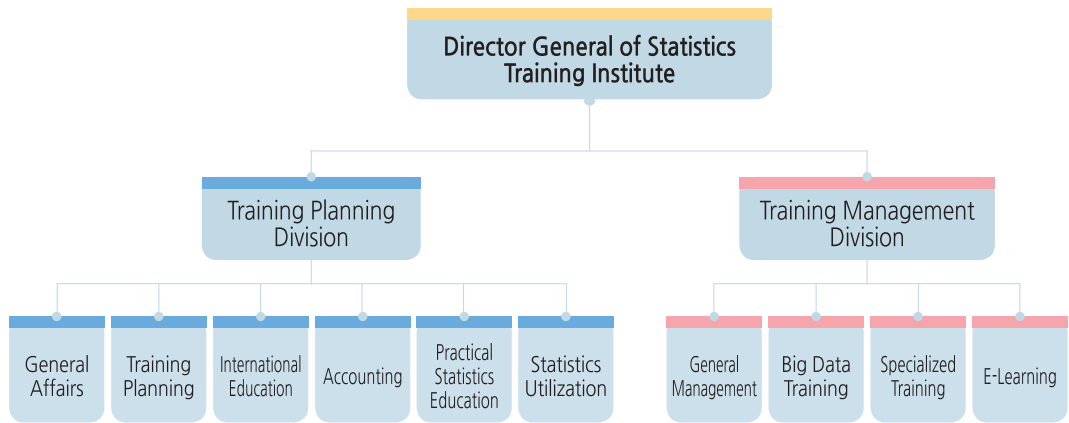

Goal

- Training statistics experts who contribute to the development of statistics in Korea
- Promoting public statistics knowledge in line with the Fourth Industrial Revolution

Key Strategies

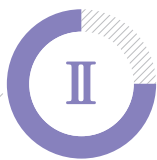

- Actively training data scientists
- Improving statistical training courses tailored to the needs of trainees
- Improving public access to statistics and data literacy education
- Laying a foundation for statistics and data education

Organization Chart

History

'91. 9.	→	Established STC (Statistics Training Center) for the purpose of training Statistical professionals
'99. 1.	→	Reorganized into STC of the National Professional Administration Training Center under the Ministry of Government Administration and Home Affairs
'05. 1.	→	Reorganized into STI (Statistics Training Institute) under KOSTAT
'07. 7.	→	Launched e-learning Service
'08. 3.	→	Opened the STI Jeju Training Center
'09. 8.	→	Moved to the Modern Statistics Center building
'13. 1.	→	Launched Mobile Service
'18. 8.	→	Opened the STI Seoul Training Center

Curriculum

We provide various statistical education programs to officers of KOSTAT, statistics-related organizations, and the general public

Statistical courses

- Cultivate statistical professionals through theory, practical courses and statistical packages for KOSTAT officers, statistics-producing organizations, government officers and the general public

Statistics users courses

Enhance understanding of statistics and maximize statistical application skills

- Statistics application competitions for elementary and middle schoolers
- Statistics camp for children and middle school students, statistical workshop for university students

Informatization courses

Enhance Informatization and statistical skills

- Excel, Access, Powerpoint, Basic Informatization, etc.

Custom-tailored courses

- Custom-tailored courses for external agencies which require statistical education
- Business trip-type courses for Regional Statistic Offices to alleviate the burden

E-learning courses

Provide educational opportunities free from time and space constraint

- KOSTAT provides various kinds of education content through the e-learning space (PC & Mobile) program so that trainees may study at anytime and anywhere, encouraging voluntary and self-motivated study among trainees.

Courses for foreigners

Statistical training courses with the Korea International Cooperation Agency (KOICA)

UNSIAP regional training course

Facilities

Educational facilities

Area 10,240m²

	Facility	Occupancy (Persons)
Conference hall (3)	Auditorium	300
	International conference hall	91
	Small conference hall	41
	Total	432
Lecture Facilities (10)	Lecture room (6)	278
	Computer laboratory (4)	160
	Total	438
Language laboratory (1)		16
Laboratory (4)		4
Discussion room (8)		96
Recreation Room (1)		40

Boarding facilities

Area 6,626m²

Room Type	No. of rooms	Occupancy (Persons)	Total number of inmates
Standard room	118	2	236
Group room	2	4	8
	4	6	24
VIP room	2	2	4
Room for those with special needs	4	1	4
Total	130	-	276

Various lecture facilities

- 10 General, computer and video lecture rooms
- 8 Discussion rooms for discussion-based instruction and a language laboratory to enhance the language skills of the officers

Facility	Location	Occupancy (Persons)	Main equipment
Lecture room 1	3F & 4F Main building	80	Beam Projector, PC
Lecture room 2		50	
Lecture room 3~6		37	
Computer laboratory 1~2		30	
Computer laboratory 3~4		50	Interactive White Board , Beam Projector, PC
Language laboratory		16	Beam Projector, PC
Laboratory 1~4	3F Annex building	10	PC, Printer
Discussion room 1~8		12
